

## **Manufacturing Operator/Storeperson**

### **About us and the Role**

We are an Australian agricultural herbicide manufacturer based in Rockhampton. We are seeking a manufacturing operator to join our team in a varied role working in all aspects of manufacturing, maintenance and warehousing. This opportunity exists for a self-motivated individual with a strong work ethic and willingness to learn. The position will be casual initially, with the opportunity for permanency for the right person. Must have a good work ethic and a 'can-do' attitude, in return we offer a flexible and supportive work environment.

### **Duties and Responsibilities**

- Assisting in day to day operation of manufacturing, production and all aspects of warehousing
- Assembly and packing of products
- Handle freight which includes loading and unloading and put away of products
- Stock control and inventory management
- General warehouse tidying and maintenance
- Equipment maintenance
- Other general warehouse and operations duties as requested by the site manager

### **Skills and Experience**

- Current Drivers License
- Current Forklift License (an advantage)
- Experience in warehousing would be an advantage
- Experience with hand and power tools
- Good numeracy skills, measuring correctly is critical
- Mechanical minded, and able to assemble products
- Be physically fit and able to lift up to 20 kgs
- Understand and follow WH&S policies and procedures
- Good command of English language; with the ability to read, understand and follow work instructions
- Able to work well with others in the workplace

Hours of work may vary, however generally are 38hrs/week.

Please include a cover letter with your application for your application to be considered.

Send your resume along with a cover letter introducing yourself to the HR Manager at
